

474 Safety Brine Valve System

Our 474 safety brine valve system incorporates the 474 air check assembly to provide higher flow rates and greater flexibility than traditional brine delivery systems. Featuring a 1/2" riser pipe, our 474

safety brine valve system is capable of providing brine draw and refill rates up to two gallons per minute when used with the optional 1/2" elbow. The 474 safety brine valve system can be used as a safety

back-up float or as the primary brine shut-off valve depending upon which float assembly you choose.

The 474 Safety Brine Valve System consists of three components which must be ordered separately:

1. 474 Air Check Assembly

The 474 air check assembly is available in three lengths; all risers are 1/2" in diameter. Please specify 48", 30.75", or 23" length when ordering. See order numbers below.

2. 474 Safety Brine Valve

The 474 safety brine valve includes a 3/8" elbow with polytube insert. An optional 1/2" elbow with polytube insert may be ordered separately.

3. 474 Float Assembly

There are two float lengths available. The 9.5" (overall length) float assembly is designed to be used as a safety back-up float and is attached by a pin. The 32" (overall length) float assembly is designed to be used as the primary brine refill shut-off. It is easily adjusted with two grommets to fit your system (not shown).

System Features:

- 1/2" riser pipe
- Higher flow rates-refill and brine draw up to 1 1/2 gpm with 3/8" elbow and 2 gpm with optional 1/2" elbow
- Fits both 3 1/2" and 4" brine wells
- Can be used as a safety back-up float or primary brine shut-off
- Components are air tested to ensure proper performance

Order Information

Order No.	Description	Order No.	Description
H4500-48	474 Air Check 1/2" x 48"	H4640-9.5	474 Float Assembly 9.5" (uses pin)
H4500-30.75	474 Air Check 1/2" x 30.75"	H4640-32	474 Float Assembly 32" w/2 Grommets
H4500-23	474 Air Check 1/2" x 23"	H4650	Optional 1/2" Elbow & Polytube Insert
H4600	474 Safety Brine Valve with 3/8" Elbow, Polytube Insert & Float Assembly Pin		

All items are packaged 24/carton. Please order even carton quantities.
